# CCH SPEC ADAPTER PANELS

These come available with any industry standard connector type, and fiber counts ranging from 6 to 24 simplex fiber ports per panel. Panels are a durable powder coated black steel, with ports numerically labeled in white print. LC and SC connector types are available in non-keyed color coded in addition to the TIA standard colors.

All adapters are compliant with
TIA/EIA 568-B.3 and TIA/EIA-455-21A.
