

LGX COMPATIBLE MODULES

The LGX compatible family is the most used specification in the industry. It is backward compatible with several large and small brand manufacturer products.

LGX COMPATIBLE MPO MODULES

Standard with low loss connectors and enhanced optical fiber. Available in any fiber and connector type. Modules are available in polarities A, B or C.

ORDERING INFORMATION

GF(A)FCH-(BB)(C)-(DD)MP

A = SELECT POLARITY

A, B, C

BB = SELECT FIBER COUNT

12, 24

C = SELECT FIBER TYPE

Y	OS2
F	OM1
G	OM3
M	OM4
P	OM5

DD = SELECT FIBER TYPE

LC	LC DUPLEX
SC	SC DUPLEX
SA	SC/APC DUPLEX
ST	ST
LA	LC/APC DUPLEX
JP	MTRJ PINNED

EXAMPLE PART NUMBER:

GFAFCX-24G-LCMP

EXAMPLE DESCRIPTION:

LGX Compatible Module, 24F, OM3, Type A, MPO pinned to LC duplex, aqua
LGX Compatible modules are standard with pinned MTP

For non-keyed color coded LC, add two digit color at end of part number Red = RD Yellow = YL Blue = BL Green = GR Black = BK
Orange = OR Violet = VL Slate = SL Rose = PK Brown = BR White = WH

Adapters are color coded by fiber type: OM1 beige, OM3/4 aqua, OM5 lime green/ aqua, OS2 UPC blue, OS2 APC green
